Dear Parent/ Carer,

Re: Year 7 - English and Maths Information Evening

We are writing to invite you to attend an English and maths information evening on Wednesday 17th October 2018, starting at 4.45pm – 6.15pm, here at Outwood Academy Newbold.

Throughout the evening we will be sharing lots of information regarding the resources that are available to your child in and out of school, as well as sharing information on how best to support your child.

The evening will be focused on English and mathematics as core subjects, with the opportunity to take part in some mathematics workshops. We will also be discussing the type of work your child will be completing within school as part of the new curriculum.

There will be the opportunity to ask any questions you may have at the end of the evening with our staff.

Yours faithfully

Mr A Scruby
Vice Principal – Deep Learning
