

13th December 2023

Dear Parent/Carer,

Y9 into Y10 Guided Pathways Evening - Thursday 18th January 5-7pm

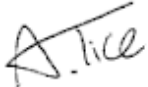

Today I held an assembly with Y9 students regarding the Guided Pathways process. This is where students will choose their preferences for the subjects they will study in Y10 and Y11, alongside English, Maths and Science.

You can find all the information related to this process in the Guided Pathways booklet. Your child has been given a booklet along with this letter and an electronic version can also be found on our website.

We will be holding our **Guided Pathways evening on Thursday 18th January 5-7pm**, where you and your child can find out more about the process and visit departments to find out more about the subjects and qualifications they provide. Myself and Mr Southern will be holding a talk in the main hall at 5:30pm. You are welcome to visit subjects before and after the talk.

Please note that students will not be able to make any decisions until after the pathways evening when a Google Form will be shared through Google Classrooms and via text message to parents/carers. The deadline for this form will be: **midday 31st January**.

Yours faithfully,

Mr A Tice
Vice Principal
