

June 2023

Y7-10 & Year 12 Parent/Carers' Evening

Praising Stars 6

Welcome to our final parent/carers' event of the academic year

The following pages can be used to assist you in finding the teachers and/or support staff that you would like to see. Please use the map to assist you in finding the floor and room they are situated in.

I'm excited to announce that moving forward we are going to look at additional information we can give you to make your evening even more worthwhile. This time we have our postponed safeguarding and wellbeing event taking place throughout the evening. In addition, departments have a 'show and tell' event. Please refer to department information to see what they will have on display

We have students around the academy to help you if you are not sure where you need to go, they have a purple 'student helper' sash on! Our students will also be serving refreshments all evening.

Please note that your son/daughter's Learning Manager will be in the PLC and the Inclusion Coordinator, Bridge manager and SEND officers are also available in the PLC or the Bridge, these rooms are located on the first floor. If a member of staff does not have a room allocated to them, it means that they are not available this evening. Please therefore speak to the Head of Department for that subject.

We would like parents/carers to complete a questionnaire which students will give out during the evening.

I hope you have an informative and enjoyable evening. If you have any questions or comments about this evening please do email me (c.schulze@newbold.outwood.com)

Clare Schulze

Vice Principal – Deep Support

SAFEGUARDING & MENTAL HEALTH & WELLBEING
