Dear Parents & Carers,

### **Mental Health & Wellbeing Survey**

If you attended our parents' evening, we hope that the discussions you had with teachers and support staff have been useful. We also hope that you were able to visit the stalls that were around the academy about MHWB and safeguarding.

As part of the evening we created a survey to gather information about how we can best share our mental health and wellbeing (MHWB) information with you and also what information you would value having.

We would appreciate it if you would take a few minutes to complete the survey using this link:  
[MHWB Survey](#)

Yours sincerely,

**C Schulze**  
**Vice Principal**
